Dear Gene,

In accordance with your note of 4 August, we will convey to the President's Foreign Intelligence Advisory Board the information that DoD needs more time to reply to the Board's request for information on Recommendation No. 13 of 8 March 1963.

In the meantime the DCI will send to the Board what would have been the CIA input on this subject. I will look forward to receiving DoD's response in due course, so that the DCI can send it along to complete the package.

Faithfully yours,

John A. Bross
